Statement of Kim Yo Jong, Vice Department Director of WPK  
Central Committee

Pyongyang, May 2 (KCNA) -- Kim Yo Jong, vice department director of the Central Committee of the Workers' Party of Korea (WPK), issued the following statement Sunday:

"Defectors from the north" in south Korea recently scattered leaflets against the DPRK again, an intolerable provocation against it.

We have already seriously warned the south Korean authorities of consequences their wrong act of giving silent approval to the human wastes' wild moves will bring to the north-south relations.

However, the south Korean authorities again did not stop the reckless acts of the "defectors from the north", winking at them.

Displeasure can not be hidden over such sordid acts.

We regard the maneuvers committed by the human wastes in the south as a serious provocation against our state and will look into corresponding action.

Whatever decision we make and whatever actions we take, the responsibility for the consequences thereof will entirely rest with the south Korean authorities who stopped short of holding proper control of the dirty human scum.

We can no longer remain an onlooker.
